EDUCATION

Chandigarh University
Bachelors in Computer Science Engineering with AIML(Specialization)

Score : 8.15GPA

Intermediate (12th Class)
Aryan Public Senior Secondary School
2019-2020

Score : 82%

EXPERIENCE (INTERNSHIP)

Data Science
Internshala Trainings

Internshala is an **online learning platform** *and repository of internships and job opportunities based in India. Set up by Sarvesh Agrawal, Internshala primarily focuses on providing internship opportunities for students from India in association with many organizations and companies.*

Achievements/Tasks
My client was a Retail Banking Institution. Term deposits are a major source of income for a bank. So my task was to predict if the client will subscribe to term deposit on the basis of parameters like age, job, marital status, duration, day and month, telephonic marketing campaigns etc.

Hindi

PERSONAL PROJECTS

➢ The Netflix Data Prediction
07/2022 – 08/2022

Actually, this project is a POWER BI DASHBOARD. I was extracting past 10 years of Netflix data where I had some parameters in datasets. On the basis of my analysis, I built responsive dashboard.

➢ AI Chatbot
05/2022 – 08/2022

A virtual assistant, also called AI assistant or digital assistant, is an application program that understands natural language voice commands and completes tasks for the user. Such tasks, historically performed by a personal assistant or secretary, include taking dictation, reading text or email messages aloud, looking up phone numbers, scheduling, placing phone calls and reminding the end user about appointments.
